About the battery insulating tape

 Remove the tape and power on the battery

Warning:

- Use only UMI-approved batteries and chargers specifically designed for your phone. Incompatible batteries and chargers can cause serious damage to your phone.
- Never dispose of batteries or phones in a fire. Follow all local regulations when disposing of used batteries or phones. Never place batteries or phones on or in heating devices, such as microwave ovens, stoves, or radiators. Batteries may explode when overheated.
- Never crush or puncture the battery. Avoid exposing the battery to high external pressure, which can lead to an internal short circuit and overheating.

Batterie

à propos de la mise en service de la batterie

 Enlever la protection plastique avant toute utilisation de la batterie.

Attention:

- Utilisez uniquement des batteries et des chargeurs approuvés par UMI, spécifiquement conçus pour votre téléphone. Les batteries et chargeurs compatibles peuvent causer des dommages graves à votre téléphone.
- Ne jetez jamais les batteries ou le téléphone au feu. Suivez toutes les réglementations locales lors de l'élimination des batteries usagées. Ne mettez jamais des piles ou le téléphone sur ou dans des appareils de chauffage, tels que les fours à micro-ondes, poêles ou radiateurs. Les piles peuvent exploser en cas de surchauffe.
- Ne jamais écraser ou perforer la batterie. Évitez d'exposer la batterie à une haute pression extérieure, ce qui peut conduire à un court-circuit interne et une surchauffe.
